**Subject:** TES draft abstract

Frau Viol--Please provide a copy to Regina Stabbert. Thank you very much--Robin

Dear Colleague:

I have prepared an abstract for a poster describing our selection of biomarkers of exposure for the Total Exposure Study. The goal is to present this work at the 9th International Congress of Toxicology in Brisbane, Australia in July of this year. This draft is brief, but the instructions to authors require that the abstracts be in Times New Roman 8 and no more than 77mm wide by 102mm long.

Please review the draft and provide me your comments by the end of business on 22-January-01. The submission deadline is February 5. Thanks in advance for your feedback.

I'm suggesting we list Roger as the presenter. If you want more information on the meeting, check out <http://www.uq.edu.au/ICT9/>.

I look forward to your comments.
